

## Some friendly reminders from your friends at Grace Family Dentistry

As we head into the colder months, we want to remind you that if you are ill or have any open lip or mouth lesions to please reschedule your appointment for a minimum of 10 days after your first appearance of symptoms. If you tested positive for any illness and are asymptomatic, please wait 10 days from the positive test to come into the office. We appreciate your cooperation!

For your convenience, we keep a copy of the health history forms on our website for those who prefer to fill it out prior to your appointment.

Any orthopedic replacements or cardiac treatments require clearance prior to dental appointments. Please call the office for details.

Any minors coming in for an appointment with someone other than a parent or guardian will need a letter from the parent or guardian giving our office permission to treat, permission to take any necessary x-rays and a phone number in case we need to reach them.

Our office is kept at a cooler temperature. We recommend dressing warm.
